# Today's Presentation

- 
- A background image showing three students in a library or classroom setting. In the foreground, a young woman with dark hair tied in a bun, wearing a grey hoodie, is focused on typing on a laptop. Behind her, two other students, a boy and a girl, are also working on laptops at a long table. Bookshelves filled with books are visible in the background, creating a studious atmosphere.
- I. Understanding the research on the role and impact of technology on young people's lives
  - II. Supporting students through digital citizenship and social & emotional learning
  - III. Developmental skills progression and pictures of practice

A photograph of a classroom scene. In the background, a male teacher with glasses and a light blue shirt is smiling and pointing towards the students. In the foreground, a young boy with blonde hair and glasses, wearing a blue and green plaid shirt, is seen from the back with his right hand raised high. The text is overlaid on the left side of the image.

COMMON SENSE EDUCATION

Empowering  
teachers and students  
to harness the power  
of technology for  
learning and life

# Pre-Pandemic Screen Time

**Amount of daily screen use**, not including for school or homework

 Ages 0-8: **2 hours, 24 minutes**

 Tweens: **4 hours, 44 minutes** →

 Teens: **7 hours, 22 minutes**

## By socioeconomic status

Tweens in higher-income homes: **3:59**

Tweens in lower-income homes: **5:49**

Young people in lower-income homes use nearly two more hours of screen media a day than their peers in higher-income homes.

*Note: "Lower income" is <\$35,000; "higher income" is \$100,000+ per year.*

*The Common Sense Census: Media Use By Tweens and Teens, 2019  
The Common Sense Census: Media Use By Kids Ages Zero to Eight, 2020*

**56%** of kids age 10 to 18 feel they can't tell fake news stories from real ones

**45%** of kids age 12 to 15 have seen hate speech online

**Up to 40%** of children have been involved in a cyberbullying incident

## Kids & Tech: What's at Stake?

**95%** of kids 0-8 years old have access to at least one mobile device in their homes

**45%** of teens say they are online almost constantly

Nearly **40%** of middle schools have implemented 1:1 programs

# Pandemic Exacerbates Existing Challenges

**Roughly seven-in-ten parents say their children are spending more time in front of screens than they did before pandemic began ...**

*Among parents with children in grades K-12, % who say their children are spending \_\_\_ in front of screens compared with before the beginning of the coronavirus outbreak*

***Children's Screen Time Has Soared in the Pandemic, Alarming Parents and Researchers***

**Kids' screen time up 50% during pandemic**

**Pandemic screen time tops 6 hours a day for some kindergarteners**

*Study finds high media use in kids from low-income families*

***How to Wean Your Kids - and Yourself - Off Screens***

# How do you feel about your relationship with technology over the past 18 months?

# Coping with COVID-19: Young People and Technology

**Depression among young people is on the rise.**

**38% of teens and young adults report symptoms of moderate to severe depression, compared to 25% two years ago.**

**Depression is especially prominent among LGBTQ+ youth.**

Percent of young people who report symptoms of moderate to severe depression:

**Young people who have had COVID-19 infections in their family are more likely to be depressed.**

Percent of young people who report symptoms of moderate to severe depression:

Black and Hispanic/Latinx teens and young adults are **twice as likely** to say they or a family member had COVID-19.

# Coping with COVID-19: Young People and Technology

**Among 14- to 22-year-old social media users:**

**53%** say social media has been "very" important for staying connected to family and friends.

**43%** say social media makes them feel better when they're depressed, stressed, or anxious;

**17%** say it makes them feel worse.

**Social media is a lifeline for young people to maintain social connections during the coronavirus pandemic.**

*Coping with COVID-19: How Young People Use Digital Media to Manage Their Mental Health (2021)*

# Coping with COVID-19: Young People and Technology

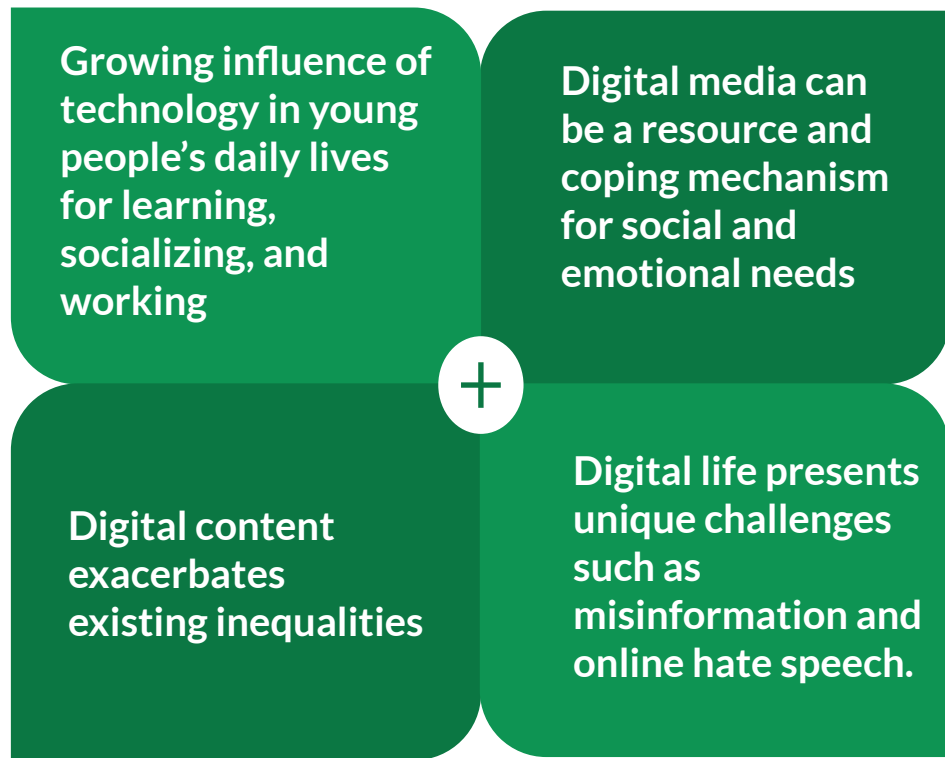

## Exposure to hate speech on social media, which may affect mental health, is on the rise.

Among 14- to 17-year-old social media users, percent who say they "often" encounter each type of comments on social media:

*Coping with COVID-19: How Young People Use Digital Media to Manage Their Mental Health (2021)*

# The Role & Impact of Technology

Digital life presents us with unique social and emotional challenges and experiences of inequality.

At the same time, technology can open the door to new opportunities. It is imperative that we equip young people with the Digital Citizenship and SEL disposition that will help them use technology responsibly to thrive in these times of change.

# Social & Emotional Learning + Digital Citizenship

# What is a digital citizen?

Someone who is able to think critically about the opportunities and challenges of the digital world and use technology responsibly to learn, create, and participate.

# Digital Citizenship Dispositions

SLOW DOWN & SELF-REFLECT

EXPLORE PERSPECTIVES WITH CURIOSITY & EMPATHY

SEEK FACTS & EVALUATE EVIDENCE

ENVISION OPTIONS & IMPACTS

TAKE ACTION & RESPONSIBILITY

# Digital Citizenship Dispositions

## Self-Awareness

*Identifying emotions, accurate self-perception, recognizing strengths, self-confidence, self-efficacy*

## Self-Management

*Impulse control, stress management, self-discipline, self-motivation, goal-setting, organizational skills*

## Social-Awareness

*Perspective-taking, empathy, appreciating diversity, respect for others*

## Relationship Skills

*Communication, social engagement, relationship-building, teamwork*

## Responsible Decision-Making

*Identifying problems, analyzing solutions, solving problems, evaluating, reflecting, ethical responsibility*

Slow down and self-reflect	✓	✓		✓	✓
Explore perspectives			✓	✓	✓
Seek facts and evidence					✓
Envision options and possible impacts		✓	✓	✓	✓
Take action	✓	✓	✓	✓	✓

MEDIA BALANCE & WELL-BEING

We find balance  
in our digital lives.

PRIVACY & SECURITY

We care about  
everyone's privacy.

DIGITAL FOOTPRINT & IDENTITY

We define who we are.

RELATIONSHIPS & COMMUNICATION

We know the power  
of words & actions.

CYBERBULLYING, DIGITAL DRAMA & HATE SPEECH

We are kind & courageous.

NEWS & MEDIA LITERACY

We are critical  
thinkers & creators.

Hello, world.  
We are digital citizens!

# Promising Pedagogies

## Address top concerns

**Acknowledge the digital life and digital context** in which young people are interacting within to address top concerns.

## Acknowledge the complexity

Address a **diversity of perspectives** and move beyond either/or consequences.

## Incorporate “dispositions”

Utilize **thinking routines** and **dilemmas/scenarios** to foster **habits of mind** and **dispositional thinking**.

# Promising Pedagogies: Rings of Responsibility

Addresses **digital life as part of a larger system** that starts with the individual and is connected to a wider circle of friends, family, and the community.

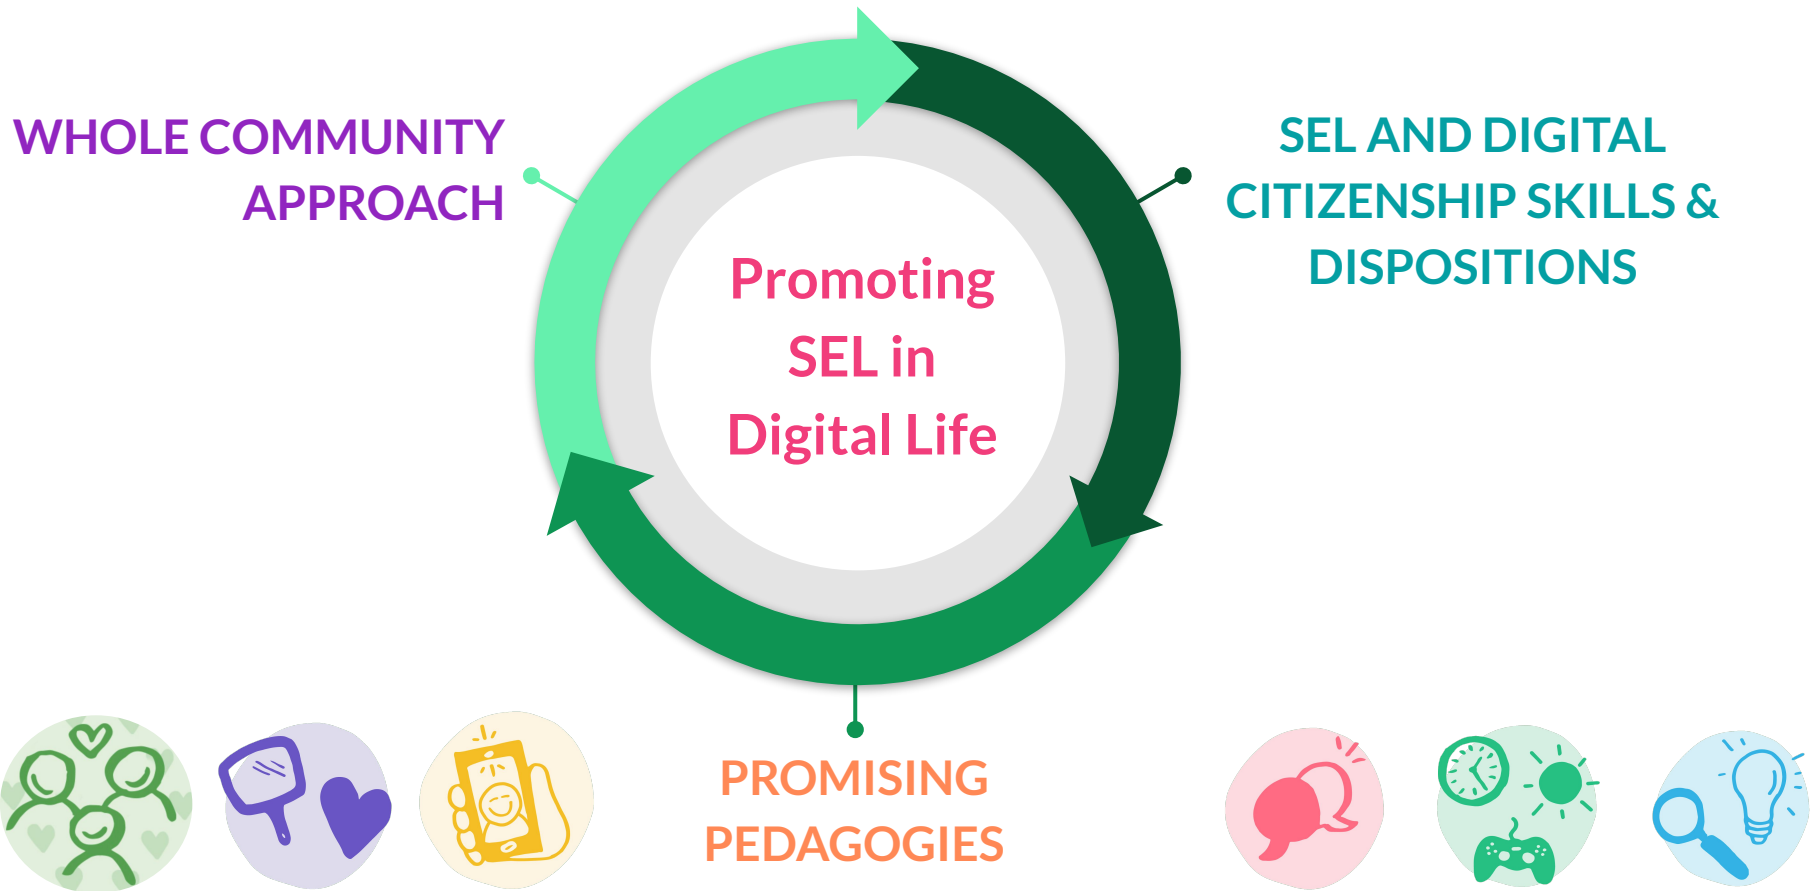

## **Self = Personal dilemmas**

including impact on identity, relationships, schoolwork, reputation

**Friends + Family = Moral dilemmas** including between those with strong ties

**Community = Ethical + civic dilemmas** including impact on wider communities

# Developmental Skills Progression & Pictures of Practice

# Key SEL in Digital Life Skills: Elementary School

- Identifying how technology makes them feel.
- Learning to transition between online and offline activities.
- Understanding the responsibilities that come with having a device
- Practicing being kind online

# Activity Snapshot: **Saying Goodbye to Tech**

CASEL Focus: Self-Management

Grades: K-2

**Scene 1:** Arms is at home watching TV on the couch. Arms's mom comes in and asks Arms to turn it off because they need to leave for school.

Arms wants to keep watching and feels frustrated.

**Scene 2:** Legs is at school, playing a math game on a tablet. Legs's teacher says it's time to clean up and get ready for recess. Legs wants to keep playing and feels frustrated.

Pause, Breathe, Finish Up!

**Pause!**

**Breathe!**

**Finish Up!**

# Family Engagement: Conversation Starters

GRADES K-2 FAMILY CONVERSATIONS

## SELF-MANAGEMENT IN DIGITAL LIFE

### Talk About How Your Child Manages Their Emotions During Transitions

Your child is learning how to transition from an online activity to an offline one. Use these questions to talk with them about how to regulate their emotions when it's time to put the device away.

Ask these three questions:

1. *I hear you learned a strategy at school for saying goodbye to the phone, tablet, or computer when it's time to stop.*

*Can you tell me about it?*

○ Listen for:

- **Pause!**      *[hold hands out like you're backing up]*
- **Breathe!**    *[sweep hands up chest]*
- **Finish up!**   *[wave goodbye with both hands]*

2. *How do you feel when your time watching TV or using your tablet is over and you have to turn it off?*
3. *Why is it important to stop what you're doing and **pause** for people, even if you don't want to?*

# Key SEL in Digital Life Skills: Middle School

- Identifying the emotions they experience while when joining social media
- Learning how to manage their use of technology and consumption of media
- Identifying strategies for dealing with digital drama

# Activity Snapshot:

## Digital Drama

### CASEL Focus: Social Awareness

Grades: 6-8

GRADES 6-8: SOCIAL AWARENESS

## Dealing with Digital Drama

SEL ACTIVITY

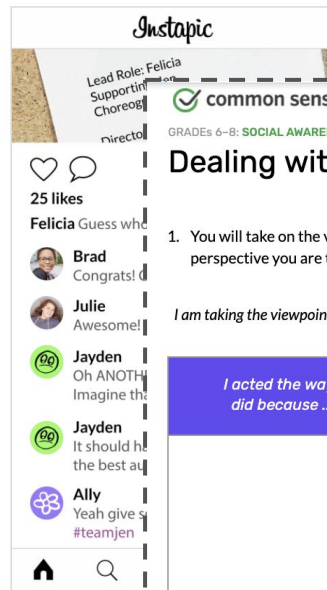

NAME \_\_\_\_\_

### Directions

Read the scenario below.

Felicia and Jen are friends from school. They both audition for the lead role in the school play. The next day, Mr. Adler, the drama teacher, posts the final cast list, showing that Felicia was selected for the role. Felicia posts a photo of the list on social media with the caption "Guess who made LEAD ROLE!! ME!" Other students at her school see the post and make comments.

The comments continue to come in. People start responding with #teamjen and #teamfelicia hashtags. Later, in response to Jayden's comments, Felicia posts an embarrassing picture of Jayden and calls him out for failing Mr. Adler's class.

GRADES 6-8: SOCIAL AWARENESS

## Dealing with Digital Drama

SEL ACTIVITY

NAME \_\_\_\_\_

1. You will take on the viewpoint of either Jayden or Felicia. Circle the name of the person whose perspective you are taking. Then, based on that perspective, complete the columns in the table.

I am taking the viewpoint of Jayden or Felicia (Circle one). Based on that viewpoint ...

I acted the way I did because ...	One thing I could've done differently was ...	Something that might've stopped me from doing something differently was ...

2. Based on what was shared in your group, how could this situation have been de-escalated? What could the people involved have done differently?

# Key SEL in Digital Life Skills: High School

- Identifying how to use technology in a way that feels healthy
- Being responsible for their digital footprint on social media
- Responding to social issues like the presence of online hate speech

# Activity Snapshot:

## Impacts of Digital Footprint

CASEL Focus:  
Responsible  
Decision-Making

Grades: 9-12

GRADES 9-12: RESPONSIBLE DECISION-MAKING

SEL ACTIVITY

## Perspectives on Posting

NAME \_\_\_\_\_

### Scenario

*Alex and Joran are good friends. One day when they're hanging out after school, Joran decides to carve profanity into the sign out front that shows the school name, as a joke. Alex takes a picture of Joran doing it, tags him, and shares it on social media. Aimee and Max, a couple of friends on social media, see it. Aimee responds with "haha" and a thumbs-up emoji, and Max adds a surprised-face emoji.*

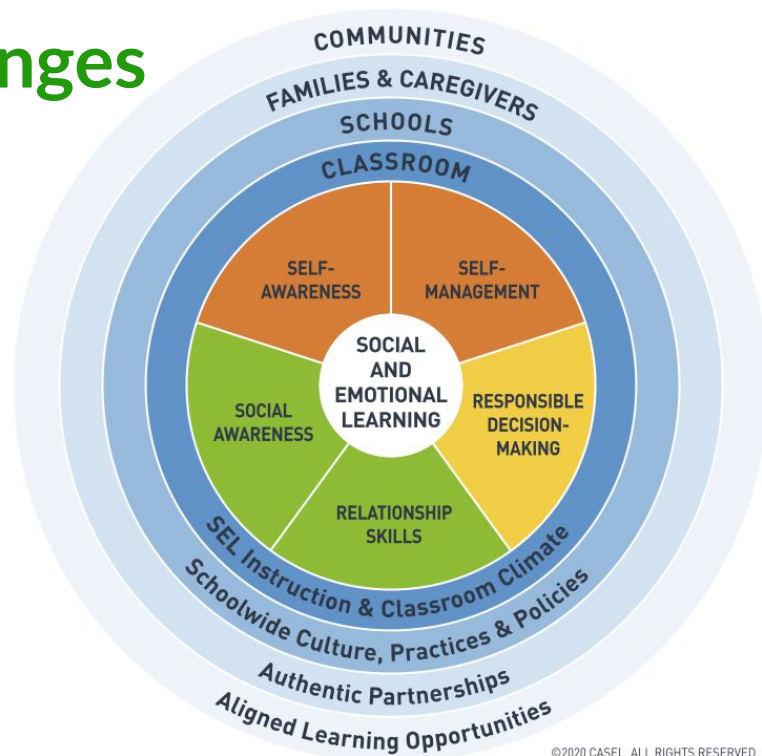

*A few days later, Alex and Joran get called to see Ms. Varma, the principal, who shows them the photo on her screen. They don't know how she saw the photo. She tells them that Joran will be expelled from school, and Alex will be suspended for three days. Alex serves his suspension and returns to school. Joran is forced to find a new school, which ends up being far from his home and in a place where he doesn't know any other students.*

1. Pick one person in the scenario (Alex, Joran, Aimee, or Max). What impact did their choices have on the outcome of the scenario?

Which of the 5 CASEL competencies feels like the most relevant to address the social and emotional challenges you previously identified?
